

## Retirement living Silber

### SHORT DESCRIPTION

In Schaffhausen, a retirement housing project was built to the Minergie standard.

### THE PROJECT

The project consists of three apartment buildings with 38 apartments, two studio-apartments and a community room.

### CHALLENGES

- Implementation of age-appropriate construction
- Cooperation with city, canton, neighbors and planners (GU mandate).
- The property is given in building rights and is politically in focus.

### SUSTAINABILITY

Implementation of Minergie standard and building ecology guidelines for the city of Schaffhausen (based on Minergie ECO)
