Eurotower

SHORT DESCRIPTION

The Eurotower was converted and modernised in 2015 on the basis of plans by CHM Tower Architekten GmbH. With a usable area of 35,000 square metres spread over 38 floors, the former office tower of the European Central Bank in Frankfurt was completely overhauled.

THE PROJECT

The contract included partial renovation of the aluminium windows, replacement of the fire safety doors, renovation of the balconies with parapets, and the installation of anti-glare systems with aluminium reveal panels.
