Fulenbach, Erweiterung

SHORT DESCRIPTION

The project included the construction of an access road on the premises of Fischer Papier AG.

THE PROJECT

Beforehand, various foundations and pavement areas were demolished and disposed of accordingly. The existing terrain was removed down to the subgrade and rebuilt with a foundation layer for the future road body. Finally, the edges were relocated and the rolled asphalt layers for the new access road and parking spaces were laid.

SERVICES IN DETAIL

- Earthworks
- Edging
- Pavement construction

CHALLENGES

- Work to be carried out during ongoing Fischer Papier AG operations

- Limited time windows for deliveries during forwarding in the morning and evening
