MAN Truck & Bus Centre

SHORT DESCRIPTION

An ultra-modern mobility hub for trucks, buses and Volkswagen utility vehicles was built as a turnkey project for MAN in Augsburg in just seven months.

THE PROJECT

The Truck & Bus service station in Gersthofen, a town in the district of Augsburg, covers more than 26,000 square metres and features a maintenance hall with diagnostics, painting and repair stations, with a two-storey office space in front. The facility offers customers conventional sales and all-inclusive services, as well as accident repairs.

This building project is the seventh service station that the industrial construction branch has constructed for the client.

SERVICES IN DETAIL

Implementation planning and turnkey construction with outdoor facilities and outdoor parking spaces for 134 trucks and 60 passenger vehicles for a utility vehicle service company.
