Zollikerberg Langwattstrasse

SHORT DESCRIPTION

Implenia Holzbau is carrying out the interior finishing work on the new Langwattstrasse apartment building in Zollikerberg.

THE PROJECT

General carpentry work provided includes wardrobes, wardrobe walls with room doors and furniture in the toilet / bathroom. The house entrance door and room doors were made of wood in the carpenter's workshop and mounted.

CHALLENGES

- Tight schedule
- Detailed planning of the wall unit with flush room door
