Integration of Bilfinger Hochbau – Henceforth three business units in Germany and Austria

Dietlikon, 14 March 2017 – Bilfinger Hochbau's activities have been part of Implenia since the beginning of March 2017. In future, the Group will be operating in its home markets of Germany and Austria through three business units. Implenia Buildings Germany, headed by Hans-Dieter Steinbrücker, offers construction services for regional and national customers. The Group is bringing together its civil engineering activities in Germany with Business Unit Implenia Civil Germany. This unit is headed by Stefan Roth. Building construction and regional infrastructure construction in Austria and Romania will be concentrated within the Implenia Austria & Romania unit, led by Christof Gämperle.

Implenia is Switzerland's leading construction and construction services company. It also has strong positions in the German, Austrian and Scandinavian infrastructure markets. Established in 2006, Implenia can look back on around 150 years of construction tradition. It brings the expertise of its highly skilled sectoral and regional units together under the roof of a company active throughout Europe. With its integrated business model and specialists operating in all areas of construction, the Group can manage a building project through its entire lifecycle and deliver work that is economical, integrated and customer-centric. The focus is on striking a sustainable balance between financial success and social and environmental responsibility.

Implenia, with its headquarters in Dietlikon near Zurich, currently employs more than 8,200 people around Europe and posted revenue of around CHF 3.3 billion in 2016. The company is listed on the SIX Swiss Exchange (IMPN, CH0023868554). More information can be found at www.implenia.com.
