### **Hackers attack Implenia's website – Charges filed against unknown perpetrators**

**Dietlikon, 7 May 2015** – Implenia's website was the target of a hacker attack on Thursday night. Hackers gained access to the website and posted false messages on it. At this stage it is still unclear who exactly is behind the attack. Implenia condemns this criminal activity and has filed charges against the unknown perpetrators. The attack seems to have been motivated by the recently completed conversion work done on the Scientology offices in Basel. Implenia would like to make it clear that it has no connections with Scientology.
