Implenia at Expo Real in Munich – First joint presentation by three Business Units | Implenia stand in Hall B1.140

Dietlikon, 2 October 2017 – Expo Real, the international trade fair for property and investment, is being held in Munich from 4 to 6 October 2017. The largest B2B trade fair in Europe is a showcase for the international property sector's entire value chain, offering an ideal networking platform for industry experts and real estate practitioners. Implenia will be in Hall B1.140, where representatives of the Buildings Germany, Modernisation & Development Switzerland and Buildings Switzerland segments will be running the stand. The former Bilfinger Hochbau will be attending a trade fair under its new name of Implenia Buildings Germany for the first time. This joint appearance with other Implenia Business Units reflects the Group's ability to bring together capabilities that cover a property's entire lifecycle. From planning to site set-up and construction, right through to turnkey completion of the building, Implenia offers all the required services from a single source.

Implenia Buildings Germany provides comprehensive consulting, planning and construction services for private customers, commercial investors and public bodies. Implenia's building construction specialists can boast decades of experience gained from a large number of projects executed using state-of-the-art processes and innovative technologies. The Business Unit brings a number of strong and highly experienced companies together into a powerful unit.

Implenia Modernisation & Development is Switzerland's leading property developer. Based on solid market analysis, its proven specialists evaluate what type of property usage promises the greatest earnings potential for the decades to come. This background work is used to provide developers and investors with innovative project development and modernisation strategies that are designed to ensure the resulting properties meet the needs of future users and operators.

Implenia Buildings Switzerland offers customers throughout Switzerland integrated services for buildings of all kinds. Implenia Buildings offers customers its entire expertise in building construction, from consulting and planning, to general and total contracting, through to execution using its own construction capabilities. Thanks to this integrated approach, Implenia is able to produce buildings of the desired quality for its customers, while reliably keeping to budget and timetable.

Whether acting as project developer, general contractor or builder, and whether it's working on a building, civil engineering or infrastructure project, Implenía always aims to work sustainably. The company also requires its suppliers to operate sustainably, and it is actively committed to future-proof construction standards.

Implenia will be represented at Expo Real from 4 to 6 October 2017 by three of its Business Units: Implenía Buildings Germany, Implenía Modernisation & Development Switzerland and Buildings Switzerland (picture: Implenía).

Implenia is Switzerland's leading construction and construction services company. It also has strong positions in the German, Austrian and Scandinavian infrastructure markets. Established in 2006, Implenia can look back on around 150 years of construction tradition. It brings the expertise of its highly skilled sectoral and regional units together under the roof of a company active throughout Europe. With its integrated business model and specialists operating in all areas of construction, the Group can manage a building project through its entire lifecycle and deliver work that is economical, integrated and customer-centric. The focus is on striking a sustainable balance between financial success and social and environmental responsibility.

Implenia, with its headquarters in Dietlikon near Zurich, currently employs around 9,300 people around Europe and posted revenue of around CHF 3.3 billion. The company is listed on the SIX Swiss Exchange (IMPN, CH0023868554). More information can be found at www.implenia.com.
